What was the name of the project you worked on or what name would you give it?

What did you do, make, work on, etc. for this project?

Who did you work with? Who did you meet or get to know better while working?

What are three skills that you needed for this project?

What made this project challenging? What skills would you need to develop to do better in the future? What sorts of attitudes were difficult to work around?

When I was done I felt...
